MEET BOB

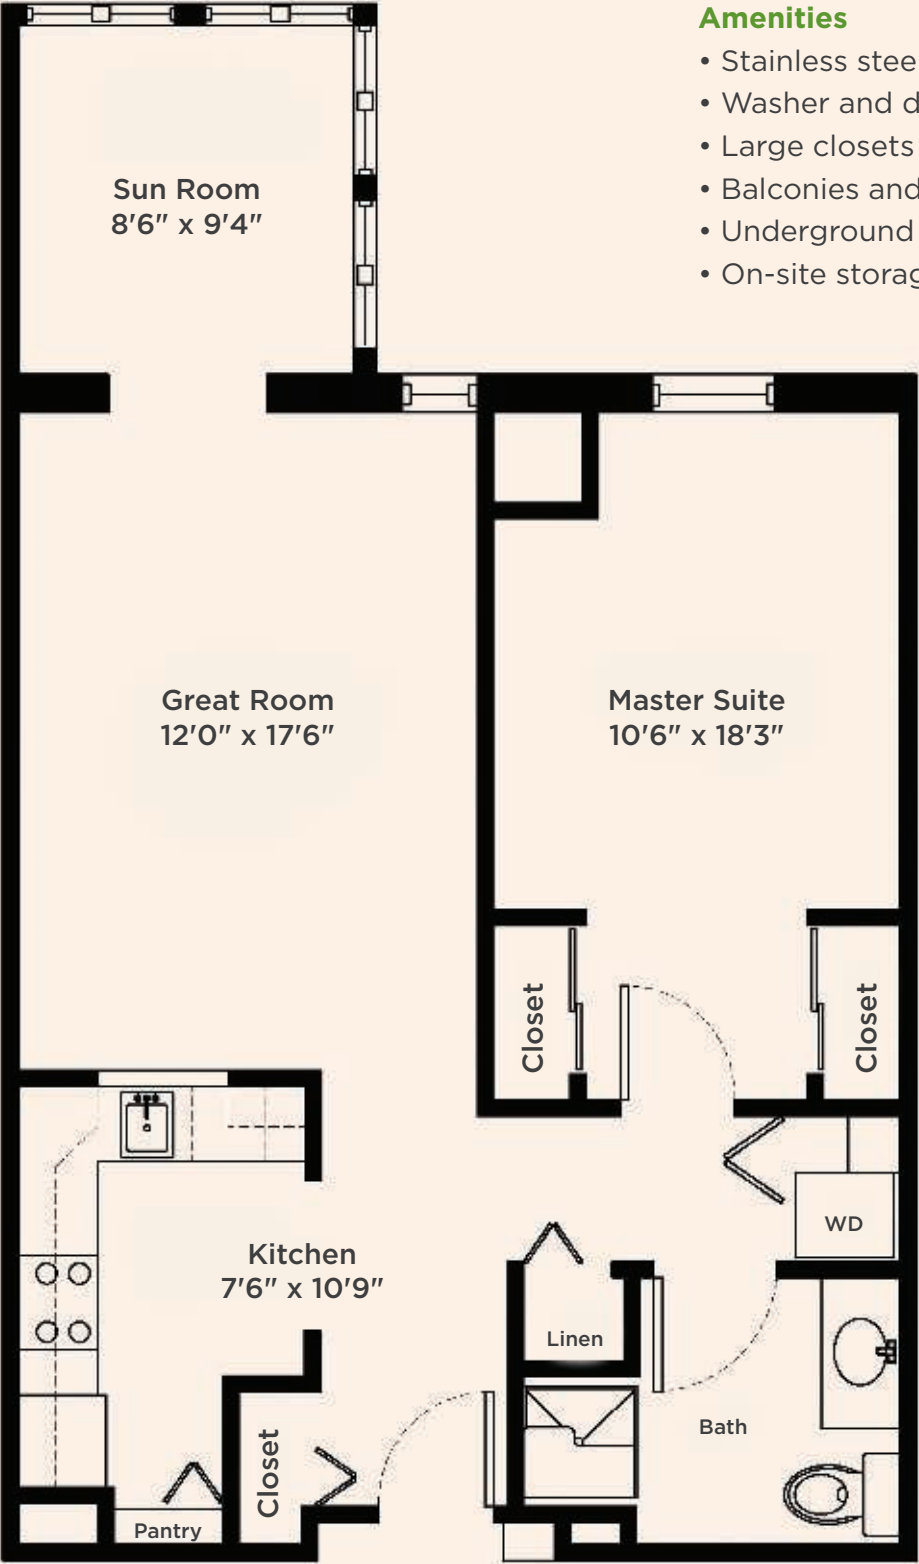

“My wife and I are delighted with our decision to move to United Methodist Communities at Bristol Glen. We looked at eight or nine senior communities and found that Bristol Glen had the most to offer. The downsizing process was easy with the help of a company that took care of everything! We moved in and slept in our own bed that night. I enjoy being involved and am President of the Resident Council. This gives me the opportunity to get to know all the residents. I get to the fitness center three times a week. I recommend Bristol Glen! We are as comfortable here as we were in our home of 52 years. Best decision we ever made!”

MEET **MABEL**

"I didn't like living alone. I was so tired of eating supper alone; I despised dinner. My daughter was always asking me to look into senior living. I went to church and I got the message that it was time to get rid of 'stuff.' This set me into motion. After visiting Bristol Glen, I fell in love with the country atmosphere. The move-in process was a breeze. There was nothing to it! The Sales Director was wonderful and helped me and my family through the entire process. I've been here 15 years now. I tell people Bristol Glen is probably one of the nicest, most beautiful places there is to live. We're so lucky because we'll always be taken care of no matter what happens to us. I was here about three months and received a visit from my three children. They told me they had one thing to say. 'We've decided this is the best gift you could have given us. We don't have to worry about you.' They love Bristol Glen...it's awesome."
