Life on Your Own Terms

You've always been independent and want to stay that way. Our communities give you the freedom to live life on your own terms and stay connected to your family and friends. You'll be at home in your own apartment home, but free of the challenges of maintaining a house. You'll be independent but you won't be alone, pursuing activities you've always enjoyed — and finding new interests you might never have imagined.

A full continuum of services ensures peace of mind:
